short questions at the end of a statement

a positive sentence requires a negative question tag

a negative sentence requires a positive question tag

QUESTION TAGS

Question tags are short questions at the end of statements. They are used in speech when we want to confirm that something is true or not, or to encourage a reply from the person we are speaking to.
 (Question tags (upitni privesci) se koriste kako bismo pitali nekoga da li se slaže sa nečim. Prevode se sa "nije li", "zar ne" ...)

Question tags are formed with the auxiliary or modal verb from the statement and the appropriate subject pronoun. (Question tag se gradi pomoću pomoćnih ili modalnih glagola i odgovarajuće lične zamenice.)

A positive statement is followed by a negative question tag. A negative statement is followed by a positive question tag.
 (Ako je rečenica potvrđna, Question tag mora da bude odričan, i obrnuto- ako je rečenica odrična, Question tag je potvrđan.)

EXAMPLES:
